Privacy controls

You control what's collected and why. Required data keeps core navigation working; everything else is optional.

Location Required

Always on

Needed to find nearby stops, calculate ETAs, and give turn-by-turn directions.

Travel history

Used to suggest frequent routes and speed up repeat journeys. Optional — the app works without it.

Accessibility information

Used only to personalise routing (e.g. wheelchair mode). Optional, and never shown to other users.
